

Mary Mpoyo

Houston, TX | marympoyo1@gmail.com | github.com/marympoyo1

PROFILE

Computer Science student at Texas Southern University with hands-on experience building web applications and Python data tools using JavaScript, React, Flask, HTML/CSS, Firebase, and APIs. Seeking a software engineering internship while remaining open to adjacent technical roles where I can contribute, solve problems, and keep growing as a developer.

EDUCATION

Texas Southern University, *B.S. in Computer Science*

Expected May 2027

Houston, TX

Relevant Coursework: Data Structures, Computer Organization, Computer Networks, Database Management Systems, Operating Systems, Software Engineering, Advanced OOP in C++

TECHNICAL SKILLS

Languages: JavaScript, Python, Java, C++, HTML, CSS

Frameworks/Libraries: React, Flask, Tailwind CSS, pandas

Tools/Platforms: Firebase, Git, GitHub, VS Code, Vercel, Figma, nba_api

PROJECTS

Arcoria

React | JavaScript | Firebase | Vite

Live Demo: arcoria-by-mary.vercel.app | GitHub: github.com/marympoyo1/Arcoria

- Built and deployed a React and Firebase learning platform that helps users organize tutorials into structured skill paths and track progress over time.
- Developed front-end workflows with JavaScript and Vite for dynamic content rendering, responsive layouts, and clear user navigation.
- Integrated Firebase-backed data handling for core user flows and expanded a hackathon concept into a polished live demo.

NBA Player Trend Analyzer

Python | Flask | pandas | nba_api

Live Demo: nbaplayertrendanalyzer.vercel.app | GitHub: github.com/marympoyo1/nbaplayertrendanalyzer

- Built a browser-based NBA scouting report tool that compares recent player performance against season averages and home-away splits.
- Used Python, nba_api, and pandas to pull game-log data, analyze points, rebounds, and assists trends, and turn the results into a readable report.

Portfolio Website

HTML | Tailwind CSS | JavaScript

GitHub: github.com/marympoyo1/Portfolio

- Developed a responsive portfolio website using HTML, Tailwind CSS, and JavaScript to showcase projects, technical skills, and resume content.
- Implemented mobile navigation, dark mode, and resume/contact workflows to improve usability across desktop and mobile devices.

ACTIVITIES & LEADERSHIP

Tiger Computer Science Society

Houston, Texas

Member

Aug 2024 - Present

- Attended organization meetings and technical workshops to expand knowledge of computer science topics.
- Collaborated with peers to discuss coding projects and problem-solving approaches.
- Participated in networking events and learned about career paths in software development.
- Stayed informed on industry trends, tools, and best practices through club activities.

Student Athlete

Houston, Texas

Women's Basketball Player

Aug 2021 - May 2023

- Demonstrated strong problem-solving and adaptability in high-pressure environments.
- Built discipline and consistency through structured training and performance tracking.
- Strengthened communication and teamwork skills through collaboration in a team-based setting.

WORK EXPERIENCE

Sales Associate, Uptown Cheapskate

Boise, ID | May 2022 - Sep 2022

- Delivered customer support and processed transactions accurately in a fast-paced retail environment, strengthening attention to detail, communication, and a user-focused mindset.
- Collaborated with teammates to keep merchandise and store information organized, reinforcing workflow support and reliability in team-based environments.

Front Desk Receptionist, Better Choice Care

Boise, ID | Apr 2020 - Aug 2020; Jan 2021 - Jul 2021

- Managed scheduling, phone support, and records in a time-sensitive environment, strengthening data accuracy, documentation, and organization.
- Balanced multiple responsibilities while supporting staff and visitors, building the communication and problem-solving skills useful for technical and operational workflows.

Daycare Instructor, Healthy Beginnings

Meridian, ID | Jun 2018 - Nov 2018

- Supported daily operations in a structured environment while maintaining consistency, safety, and clear communication.
- Built adaptability, patience, and teamwork in a role that required following processes and responding quickly to changing needs.
