

Mary Mpoyo

Houston, TX | marympoyo1@gmail.com | github.com/marympoyo1

PROFILE

Computer Science student at Texas Southern University with hands-on experience building web applications and data-driven tools using Python, Flask, JavaScript, React, Firebase, APIs, and pandas. Interested in software engineering and technical internship roles where I can build practical products, learn quickly, and contribute to user-focused solutions.

PROJECTS

Arcoria

React | JavaScript | Firebase | Vite

- Live Demo: arcoria-by-mary.vercel.app | GitHub: github.com/marympoyo1/Arcoria
- Built a full-stack learning platform that helps users turn scattered tutorials into structured skill paths and track progress in one place.
- Developed responsive front-end workflows with React and JavaScript to create an intuitive experience for visual learners navigating lessons and progress views.
- Integrated Firebase-backed data handling across core user flows, turning a hackathon concept into a polished live demo.

NBA Player Trend Analyzer

Python | Flask | pandas | nba_api

- Live Demo: nbaplayertrendanalyzer.vercel.app | GitHub: github.com/marympoyo1/nbaplayertrendanalyzer
- Developed an interactive NBA player trend dashboard using Python, Flask, and pandas to turn game-log data into readable scouting-style reports.
- Used nba_api to collect and analyze points, rebounds, and assists trends, helping users compare recent performance against season averages.
- Structured data processing and dashboard presentation to make player performance insights easier to interpret and explore.

Portfolio Website

HTML | Tailwind CSS | JavaScript

- Live Demo: portfolio-marympoyo.vercel.app | GitHub: github.com/marympoyo1/Portfolio
- Built a responsive portfolio site to showcase projects, technical skills, and resume content with a focus on clean UI and usability.
- Designed interactive features such as mobile navigation, dark mode, and streamlined resume/contact flows to improve the experience across devices.

SKILLS

Languages: Python, JavaScript, HTML/CSS, SQL

Frameworks & Tools: Flask, React, Firebase, Tailwind CSS, Vite, Git/GitHub, Figma, Excel, VS Code

EDUCATION

Texas Southern University

B.S. in Computer Science

Houston, TX

Expected 2027

Relevant Coursework: Programming I & II, Data Structures, Database Systems, Discrete Mathematics

ACTIVITIES AND LEADERSHIP

Tiger Computer Science Society

Member

Houston, TX

Aug 2024 - Present

- Attend technical workshops and collaborate with peers on coding, problem-solving, and career development topics.

Student Athlete

Women's Basketball Player

Houston, TX

Aug 2021 - May 2023

- Built discipline, teamwork, and adaptability in high-pressure environments through competition, training, and collaboration.

WORK EXPERIENCE

Sales Associate

Uptown Cheapskate

Boise, ID

May 2022 - Sep 2022

- Worked with POS and inventory systems to process transactions accurately and keep merchandise data organized, reinforcing attention to detail and comfort with operational tools.
- Supported customers and teammates in a fast-paced setting, building a user-focused approach to problem-solving, clear communication, and reliable day-to-day execution.

Front Desk Receptionist

Better Choice Care

Boise, ID

Apr 2020 - Aug 2020; Jan 2021 - Jul 2021

- Used Excel and digital scheduling tools to maintain accurate records, track appointments, and support day-to-day office coordination in a time-sensitive environment.
- Managed phone, scheduling, and documentation workflows while communicating clearly with staff and visitors, strengthening data accuracy, organization, and issue resolution.
