

Mary Mpoyo

marympoyo1@gmail.com | (208) 805-9594 | github.com/marympoyo1

Computer Science student at Texas Southern University with hands-on experience building and deploying web applications using JavaScript, React, HTML/CSS, and Firebase. Seeking a software engineering internship while remaining open to adjacent technical roles where I can contribute, solve problems, and keep growing as a developer.

EDUCATION

Texas Southern University
B.S. in Computer Science

Houston, TX
Expected Graduation: Dec 2026

- **Relevant Coursework:** Data & File Structures, Computer Organization, Computer Networks Fundamentals, Database Management Systems, Operating Systems, Software Engineering, Theory of Computation, Advanced OOP Using C++

TECHNICAL SKILLS

- **Languages:** JavaScript, Python, Java, C++, HTML, CSS
- **Frameworks/Libraries:** React, Tailwind CSS
- **Tools/Platforms:** Firebase, Git, GitHub, VS Code, Vercel, Figma

PROJECTS

Arcoria

React | JavaScript | Firebase | Vite

Live Demo: arcoria-by-mary.vercel.app | GitHub: github.com/marympoyo1/Arcoria

- Built and deployed a React and Firebase learning platform that helps users organize tutorials into structured skill paths and track progress over time.
- Developed front-end workflows with JavaScript and Vite for dynamic content rendering, responsive layouts, and clear user navigation.
- Integrated Firebase-backed data handling for core user flows and expanded a hackathon concept into a polished live demo.

Portfolio

HTML | Tailwind CSS | JavaScript

Live Site: portfolio-marympoyo.vercel.app | GitHub: github.com/marympoyo1

- Developed a responsive portfolio website using HTML, Tailwind CSS, and JavaScript to showcase projects, technical skills, and resume content.
- Implemented mobile navigation, dark mode, and resume/contact workflows to improve usability across desktop and mobile devices.

ACTIVITIES AND LEADERSHIP

Tiger Computer Science Society

Member

Houston, Texas

Aug 2024 – Present

- Attended organization meetings and technical workshops to expand knowledge of computer science topics
- Collaborated with peers to discuss coding projects and problem-solving approaches
- Participated in networking events and learned about career paths in software development
- Stayed informed on industry trends, tools, and best practices through club activities

Student Athlete

Women's Basketball Player

Houston, Texas

Aug 2021 – May 2023

- Demonstrated strong problem-solving and adaptability in high-pressure environments
- Built discipline and consistency through structured training and performance tracking
- Strengthened communication and teamwork skills through collaboration in a team-based setting

EXPERIENCE

Uptown Cheapskate

Sales Associate

Boise, Idaho

May 2022 – Sept 2022

- Delivered customer support and processed transactions accurately in a fast-paced retail environment while collaborating with teammates to keep operations organized.

Better Choice Care

Front Desk Receptionist

Boise, Idaho

Apr 2020 - Jul 2021

- Managed front desk operations, scheduling support, and phone/visitor communication while balancing multiple responsibilities in a time-sensitive environment.
